16.8.02 Release Notes

Type	Hot Key or Application	Subject	Resolution	Ticket
Defect	I-F-1	FG Inventory - Allocation differences	The recent changes to the layout of the Bin/Jobs tab highlighted a discrepancy between the Allocated Qty that was previously displayed on the Inventory tab and the new format on the Bin/Jobs Location Details tab. The Bin/Jobs tab will now fully account for all Allocated quantities for an item, with a new 'Unspecified Location' record that includes the Allocation Quantities that have not yet been assigned to a Release with a valid Ship From location.	38695
Defect	I-U-5	FG Posting Error - Could not evaluate procedure....	When posting a Receipt for a Drop Ship Purchase Order, you may have received an error: Could not evaluate procedure handle expression while trying to execute CopyShipNote. (215). This has been corrected.	38696
Defect	T-P	Touchscreen Posting error - Array subscript 51 is out of range	When posting a batch of Touchscreen transactions with more than 50 records, and the NK1-TSBreaks parameter is set to Yes, an error would be returned: Array subscript 51 is out of range. This has been corrected.	38872
